## **International Tax**

We are delighted to announce a new tie up with an American CPA firm to deal with American tax returns for US citizens. There are roughly 8 million Americans who live abroad and unlike other countries in the world, the US demands its citizens to pay taxes on all foreign income.

The IRS recently began forcing ex-patriots to report, not just their income, but additional information on savings and investments and the IRS are also implementing a provision approved by Congress in December that could revoke the passports of Americans who owe too much, raising the prospect of being stranded abroad on account of poor arithmetic.

Therefore, we have developed a good working relationship with a well-respected American CPA firm who will work in conjunction with our firm in filing US tax returns along with filing Irish income tax returns. An unknown number of Americans don't even realise they are US citizens because the US grants citizenship, for among other things being born in the States. So if you are a US citizen and would like to talk to us about getting your compliance and returns filed, we are happy to discuss the matter with you.

Dear Sacred Heart of Jesus, in the past I have asked for many favours. This time I ask you this very special one (mention favour). Take it, dear Heart of Jesus and place it within your own broken heart, where our Father sees it. Then in his merciful eyes it will become your favour, not mine, Amen.

Say this prayer for 3 days, promise publication and the favour will be granted, no matter how impossible. Never known to fail.

### Miraculous Prayer

Dear Sacred Heart of Jesus, in the past I have asked for many favours. This time I ask you this very special one (mention favour). Take it, dear Heart of Jesus and place it within your own broken heart, where our Father sees it. Then in his merciful eyes it will become your favour, not mine, Amen.

*Say this prayer for 3 days, promise publication and the favour will be granted, no matter how impossible. Never known to fail. KW*
