## ARE YOU READY FOR YOUR 2013 INCOME TAX RETURN?

We have worked with thousands of individuals over the last 15 years on their tax returns. By giving you a fixed, competitive price, we can take the worry away when it comes to self assessment tax returns; allowing you to concentrate on running your business.

*The most common reasons that a tax return may be required are as follows:*

- You are self employed or a partner in a partnership
- You are a company director
- You have rental property income
- You have large amounts of savings or investment income
- You have bought/received or sold shares
- You own land or property that is being let
- You have income from overseas
- You have sold or given an asset away (such as a holiday home or some shares)

If you want to make sure you are paying the right amount of tax, you should consult a professional.

*At Fitzgerald & Partners Accountants we use Revenue approved software to:*

- Complete your tax return
- Calculate your tax liability
- File the return online
- Liaise with you on the amounts to be paid and when they are due

We have an income tax questionnaire to make sure that we are claiming for all allowable deductions.

In addition, we can analyse your self assessment tax return to see if any tax savings can be made and we can also review the form to see if there are any anomalies that need to be addressed before the return is submitted. This process helps to minimise your risk of a Revenue enquiry into your tax affairs. If you are experiencing cashflow problems, we can explore the possibilities of deferring your tax payments or negotiating a payment plan with Revenue on your behalf.

We are a firm of SME business advisors and accountants with an experienced team and also work on International tax planning assignments.
