New investment bond!

Irish Life

Performance Tracker 3

Performance Tracker 3 is a great investment option for the cautious investor. Your investment is protected, plus you have access to the potential growth of the EURO STOXX 50 Index - Europe's leading index for the Eurozone.

Your potential investment return at the end of the investment term (before tax).

Capital protection 100%

75% of the potential growth in the EURO STOXX 50 Index (up to a maximum index growth of 50%).
The maximum potential return you could receive is 37.5% (before tax) of your amount invested.

Averaging protection

Over the final 12 months of your investment, we smooth out the ups and downs in the values of the EURO STOXX 50 Index. This can reduce the effect of any falls in the value of the index but can also reduce how much your investment grows in value.

Why Irish Life's Performance Tracker 3?

- No. 1** Irish Life Investment Managers are Ireland's No. 1 Investment managers when it comes to the amount of money we manage for Irish people.
- Awards** Irish Life were voted Top Life Company by the Professional Insurance Brokers Association (PIBA) in 2011 and also by the Irish Brokers Association (IBA) in 2010, 2011 and 2012.
- Strength** 8 of the 10 biggest Irish companies and 6 of the 10 biggest US companies have pensions with Irish Life.

Key dates

Closing date	8 November 2013 (or earlier if too many applications received)
Investment start date	18 November 2013
You cannot cash in your investment before	18 June 2019 (a term of 5 years 7 months)

Warning: If you invest in this product you will not have access to your money until 18 June 2019

Warning: The value of your investment may go down as well as up.

Full details of Performance Tracker 3 are included in the product booklet and terms and conditions and these should be read in full before you complete an application. Minimum Investment €20,000.
