### Nervous System Wellbeing

*Your wellbeing is rooted in your nervous system,  
it influences how we think, feel and behave.*

Constant low-grade stress or high intensity stress can lead to autonomic nervous system imbalance. Any imbalances, or dys-regulation can lead to Depression, Chronic Fatigue, Fibromyalgia, Anxiety Disorders, Addictions, PTSD and Complex Trauma.

A well regulated nervous system provides you with the energy, clarity, resources and intuition to live the best possible life for you.

For the past 8 years I have been studying Nervous System Health, in particular how this influences our mental health and emotional wellbeing.

My work revolves around Somatic Experiencing®, Gestalt, Movement Therapy and other Humanistic approaches.

I bring to it over 20 years experience of working and participating in whole body approaches to wellbeing.

### Miraculous Prayer

Dear Sacred Heart of Jesus, in the past I have asked for many favours. This time I ask you this very special one (mention favour). Take it, dear Heart of Jesus and place it within your own broken heart, where our Father sees it. Then in his merciful eyes it will become your favour, not mine, Amen.

*Say this prayer for 3 days, promise publication and the favour will be granted, no matter how impossible. Never known to fail. AS*
