Transition Town Kinsale

**THE RISK OF
 WATER FLUORIDATION**

Did you know that studies have revealed an alarming connection between the exposure to fluoride and severe health problems, including cancer and cardiovascular disease? And did you know that Ireland remains the only country in Europe where almost everybody is affected by water fluoridation on a daily basis?

That is why we, Transition Town Kinsale, invited Environmental Scientist Declan Waugh to talk about the risks of water fluoridation in Kinsale. Don't miss out on this highly informative opportunity!

**21st of May, 8pm
 at The Carmelite Friary Space**

Bring along an alert mind and as many people as possible. This danger concerns each and every one of us - and we need to spread the word about it!
