"Every business is unique and has different needs. At Fitzgerald & Partners we welcome the challenge of matching our services to our clients' needs. Working in partnership with our clients we aim to maximise their profitability and business efficiency. At Fitzgerald & Partners we remain available to our clients on their business journey to mentor and be their trusted advisor. Our friendly and engaging staff will always seek to add value through innovation and the best commercial acumen."

Cormac Fitzgerald FCPA

Payroll / Business Centre

We would be happy to discuss the implications of employing someone. Employment red tape can be intimidating, but we can guide you through the processes, costs, calculations and deadlines – or take care of everything for you!

Meeting your obligations as an employer can be incredibly daunting but Fitzgerald & Partners can take away the hassle. We successfully outsource payroll for hundreds of clients already.

We can advise you of whether employees should be added to the payroll or not and deal with the relevant forms for you. Throughout the year, we will calculate your employees' net pay and provide you with payslips to pass on to your staff. We can calculate the tax and PAYE/PRSI/USC deductions applicable, even if your employees are on sick, paternity or maternity leave. We can also help you to keep track of their holiday entitlement and can file all the starters and leavers forms on your behalf. Late payments of employers' deductions can now lead to hefty penalties, so we can help you avoid incurring these.

Our business centre team use the latest technology based in our modern offices in Kinsale town centre to provide a friendly service to help you in your accounting and compliance.

Dear Sacred Heart of Jesus, in the past I have asked for many favours. This time I ask you this very special one (mention favour). Take it, dear Heart of Jesus and place it within your own broken heart, where our Father sees it. Then in his merciful eyes it will become your favour, not mine, Amen.
