*Make a difference in your community!  
Are you a mature person who volunteers with  
youth or community groups in your area?  
Would you like to take this a step further?  
Well this course might be just  
what you are looking for:*

## **BSocSc YOUTH AND COMMUNITY WORK**

## **Graduate Testimonial: Ger Rice, Kinsale.**

I am a Health Support Worker with Kinsale Youth Support Services for the past five years. I love my role and I get to meet and support not only young people, but families and adults too.

Not only am I employed, but I play a major role in the committee work also, which is the setting up and running of the centre.

I have found a job and a system that allows flexibility for clients and myself.

While 80% of my work is one to one sessions, I also set up community talks, attend schools and give talks on wellbeing, bullying, the one good adult, the power of kindness, and many more.

This job works for me, my family and my life, it took me a while to find the balance, but it was important for me to keep trying and now I found a job that I wouldn't change for the world.

The course provided both educational and an informal balance to studying and working with young people within the community. I loved the research on assignments and the learning that came with it.

On the ground with placement, you got to witness first-hand the importance of youth work, engaging with young people, and learning about the professional barriers needed to maintain the relationship.

I availed of the mentoring program in UCC and got great advice from a third-year student at the time, advice I still follow to this day.

### Miraculous Prayer

Dear Sacred Heart of Jesus, in the past I have asked for many favours. This time I ask you this very special one (mention favour). Take it, dear Heart of Jesus and place it within your own broken heart, where our Father sees it.

Then in his merciful eyes it will become your favour, not mine, Amen.

*Say this prayer for 3 days, promise publication and the favour will be granted, no matter how impossible. Never known to fail. KOD*
