## IS YOUR VISION HAZARDOUS?

Only about 35% of all adults have 20/20 vision without glasses, contact lenses or eye surgery. (20/20 vision is considered normal vision). Regular eye tests every 2 years will help stop your eyesight becoming a road safety hazard that puts you and other road users at risk.

### Miraculous Prayer

Dear Sacred Heart of Jesus, in the past I have asked for many favours. This time I ask you this very special one (mention favour). Take it, dear Heart of Jesus and place it within your own broken heart, where our Father sees it.

Then in his merciful eyes it will become your favour, not mine, Amen.

*Say this prayer for 3 days, promise publication and the favour will be granted, no matter how impossible. Never known to fail. AC*
