## **Streetscape Painting, Signage & Improvement Scheme 2019**

Bandon Kinsale Municipal District of Cork County Council is pleased to announce the following schemes to promote town centre regeneration and business growth in Bandon and Kinsale town centres for 2019:

1. Tenants or owners of buildings can avail of a grant of up to 50% of the full cost of painting the facades along the street which may include paint, labour, scaffold/ hoist and other materials etc. Priority will be given to full facade i.e. shop fronts and overhead. Two quotations from registered painting contractors will be required.
2. Applications on a full street basis (10 or more adjacent buildings on one street) will be prioritised over individual applications. If a full street comes together a grant of 60% will be provided.
3. Tenants or owners of buildings in the Town Centre can avail of a grant of up to 50% of the costs of replacing existing plastic, neon & printed signs etc. with "Heritage Type Signs".
4. A contribution to a maximum of 100% will be paid towards the cost of materials where it is proposed the tenant/owner will undertake the works themselves.

**Deadline for receipt of applications  
is Friday 7th June 2019.**

Application forms and further details of the Scheme can be obtained from the Municipal Hall, Kinsale on **021 4772154**  
or [bandonkinsalemd@corkcoco.ie](mailto:bandonkinsalemd@corkcoco.ie)

## EDITORIAL

### FOCUS PROGRAMME CARRIGALINE

The Focus programme in Carrigaline, Co Cork is a community based wellness-training programme delivered by the National Learning Network (NLN) at No 2 Hayfield House, Clover Hill Estate, Rose Hill, Carrigaline. The programme is free, learners retain their current payments and a weekly training bonus applies.

The 2006 'A Vision for Change' HSE strategy document set out the future for Mental Health Services in Ireland. The key conclusion of the Vision for Change strategy is that there were shortcomings in mental health services in Ireland. It states that there has been an overreliance on medication for the treatment of mental health problems (Department of Health and Children, 2006). The report states that the most likely cause of this reliance on the medical model is the lack of alternative mental health services/programmes in the community

With this in mind, NLN, together with the HSE Mental Health Services in Cork, developed a program for people who have had a mental health setback, but were looking to get back on their feet. The programme provides the opportunity to spend a year refreshing the necessary life skills to re-enter the workplace, attain academic skills and achieve a general sense of well-being.

Our students are empowered, valued and supported in their very own recovery process by the structure of the Focus programme itself and by Person Centered trained staff. Students will then nourish and grow their sense of hope and control about their future.

The Focus programme provides our learners with the opportunity for social inclusion and to take on meaningful and satisfying roles in local community life. The Focus programme has a strength based approach, highlighting the students' abilities, skills and potential.

The Focus programme provides the building blocks for emotional, psychological and social wellness. These are outcomes that can be sustained after the program and throughout a person's life.

Instructors, work individually with learners to assist them in developing their action plans and achieve their goals. They customise individual supports built around the learners' planned progression and their existing support within the community. Short term in house psychological support is available on a weekly basis to support learners in training.

To find out more please call  
021 4341027 or 086 8513009  
9am to 5pm Monday to Thursday  
and 9am to 3.30pm on Fridays.
