WORLD
MENTAL
HEALTH
DAY

WORLD MENTAL HEALTH DAY

Saturday 10th October 2020

This year World Mental Health day arrives at a time when we are being challenged the most as a result of Covid 19 pandemic.

The call on Mental Health Services has never been greater and the strain on our frontline workers has never been so tested.

This year we call on you, **our community**, to help us **support** those suffering with their mental health. During times of increased **social distancing**, people can still maintain social **connections** and care for their mental health. Phone calls or video chats can help you and your **loved ones** feel socially connected, less lonely, or isolated.

We ask you to reach out to family, friends and neighbours, **take time out**, talk to someone, ask the person How they are? Make a connection.

It might sound like a **simple solution** but it really is one of the best possible things you/they can do

to promote **Positive Mental Health** and Well-Being among yourselves and our community.
