Message In A Bottle - A Lions Club initiative

Message in a Bottle is a simple idea that encourages people to keep their basic personal and medical details in one place at home where, in case of an emergency, the Emergency Services can easily access them.

How it works - You are given a bottle as shown, a form for your personal/medical information and two stickers - one for the inside of your front door and one for your fridge. Emergency Services are trained to look for these stickers - this saves them valuable time and might save your life.
